

A low-angle, close-up photograph of a person's legs and feet as they run on a paved path. The person is wearing red shorts, a bright green waistband, dark socks, and white athletic shoes with orange accents. The background is a warm, golden glow from a setting or rising sun, creating a soft, hazy atmosphere. The path is made of asphalt and has a white dashed line on the right side.

Meeting

XII. CaptainCasa Community Meeting

The 12th community meeting is scheduled for Thursday, December 1st 2016. The location of the meeting is Schwetzingen, close to Heidelberg.

Basics

- When?
 - December 1st 2016, 10:00h - 17:00h
 - The location will be opened from 09:15h on. This means: if arriving earlier, do not “somewhere” spend your time, but directly come to the location, have some coffe and eat some “Brezel”!
- Where?
 - 68723 Schwetzingen, close to Heidelberg, Luthersaal, Mannheimer Str. 36. Find more details at the end of this text.

- Language?
 - Official language for speakers is German. Slides will be in English + there will be a simultaneous translation to English as well.
- Who?
 - Everyone is welcome who is interested in CaptainCasa, HTML5 user interface or in rich clients in general.

Agenda

The following items will be part of the agenda.

- (1) CaptainCasa Enterprise Client: 2016 in a Nutshell
- (2) CaptainCasa RISC-HTML Client
 - This is definitely the main issue of this year's meeting.
 - Basics
 - Style Management
 - Transfer from JavaSwing-Client / JavaFX-Client to RISC-HTML-Client
 - Usage as stand alone Client („no server“)
- (3) Page Bean Components
 - Updates
 - APageBean Components within the „addon-package“
 - CRUD-UI / „Scaffolding“
- (4) „Documenteintg you Architecture in a relyable and efficient way“
 - Herr F. Sippach (Orientation in Objects) is this year's external presentor.
- (5) Selected customer scenarios
- (6) The “golden hint”
- (7) Road Map / Community Feedback

Registration

We are looking forward to your participation!

Please regisiter per Mail to info@CaptainCasa.com. The participation is free of cost.

Other issues

- No one did starve or did die of thirst during the last 10 meetings. Food and beverage will be supplied during the meeting.
- In case you should arrive the day earlier - our hotel recommendation is a hotel in Heidelberg, which is also a good starting point for the pre-evening event: <http://www.hollaender-hof.de/>
- ...it's a good tradition in the meantime that these ones arriving the day before (Wed., 30.11.2016) meet at 20:00h at hotel „Holländer Hof“ for some evening event.

Details

Location

The address is:

Luthersaal, Mannheimer Str. 36, 68723 Schwetzingen.

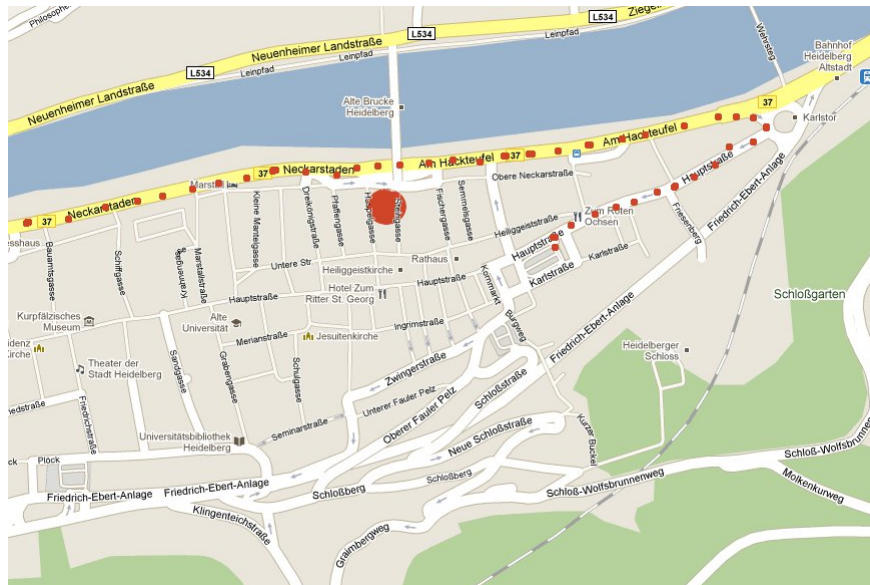

The parking garage “Parkhaus Wildemannstraße” is close to the location (100m).

Hotel

Most of the day-before-arrivers spend their night at „Holländer Hof“ in Heidelberg.

IMPORTANT: the hotel is located in the old town of Heidelberg. So parking is some challenge...

The graphics shows the parking garage that typically is used. If only coming with lightweight luggage then directly drive to the garage and walk the 400m to the hotel - enjoying the old town and the view on the castle...

Wednesday Evening Pre-Event

All the ones that are available the day before the meeting already are invited to meet in the lobby of hotel „Holländer Hof“ - at 20:00h.

We first will eat something - and then (also some tradition...) walk up to the castle.

In-any-case Phone Number

In case of problems during the conference days (e.g. not finding the location or whatever): call +49 6223 484147 and wait some time until your call is directed to some mobile phone.
